

## Tabernacle Meetings Growing In Interest

Nearly One Hundred Persons Have Already Taken a Stand for Christ. Auto Tour Stirs the Whole County. Many Social Features in the Next Week.

Evangelist W. D. Hamilton

Have you been to the Tabernacle meetings? Is the one question that is being echoed far and near. Nor are there many that answer negatively. Whether friendly or unfriendly to the method and purpose of these meetings attendance is absolutely necessary in order to give intelligent judgment as to what is being said and done in the meetings. The first question that should be put to the critic is how many times have you been present to hear the choir sing and Dr. Hamilton speak? Fortunately, however, there are few critics. From the very start the meetings have commanded themselves to the better judgment of the community, and as they gather momentum, and the spirit and methods and abilities of Dr. Hamilton and his helpers become more apparent, and as the results of the meetings begin to appear there is almost universal commendation and praise. To see the churches of the town working together untiedly and harmoniously, to listen to the hundreds of voices in the chorus and in the audience blending in Christian song, to hear the gospel preached in simplicity and power, and to witness men and women by the score forsaking their sins and taking their stand for Christ is cause for rejoicing on earth and in heaven.

**Some Special Features Past.**  
The Sunshine Booster Chorus last Saturday evening did credit to themselves and their town, and also reflected great credit upon their leader, Prof. C. B. Gould. If anybody has seen anything finer or better for Bedford boys or girls than this Sunshine Booster Chorus let him now speak or else hereafter forever hold his peace. You will want to be present next Saturday evening when these boys and girls will make their second appearance.

The first Men's Meeting last Sunday afternoon surpassed the expectations of the most sanguine. From twelve to fifteen hundred men present, a men's chorus, a male quartet, a masterful and appealing sermon from Dr. Hamilton, and ten decisions for Christ; oh, it was glorious!

At the same hour the Methodist Church was filled with women to whom Mrs. Shoemaker gave an interesting and helpful talk upon the twenty-third Psalm.

Sunday evening brought together the largest audience of the week, filling the Tabernacle to the doors. Dr. Hamilton's sermon upon the "Judgment" arrested attention, and produced at times a solemn, startling stillness, as with strong and vivid language he depicted the fact that in the judgment every individual must be brought face to face with the record of his life, and that the only way for the sinner to escape the terrors of the judgment is to accept the offer of God's mercy now. The sermon closed with an earnest appeal to which fifty-three persons responded, making a total of sixty-three decisions for the first day upon which an invitation had been given.

Monday was the automobile itinerary to surrounding towns, a full

account of which will be found elsewhere in this paper.

### Coming Socials

Mother's Day, which will be one of the great occasions of the month's campaign, will be observed tomorrow, Friday, at 2:30 o'clock. Extensive preparations are being made for this service. Two thousand white carnations have been ordered for the day, and everybody is asked to wear a carnation in honor of "mother." The carnations may be had during Friday forenoon at either of the following places: Hartley Banking Company, First National Bank, Jordan's Drug Store, Slaughterhouse's Department Store and Foster's Grocery. Young ladies will be at each of these places ready to pin a carnation upon all comers. No charge will be made for these carnations, and everybody is welcome to one, but to help defray the expense a box will be at each of these places into which all who wish may drop a coin. Those who fail to get a carnation during the forenoon can secure one at the Tabernacle in the afternoon so long as they last.

Automobiles will be sent for mothers who can not otherwise be present at this service, and it is expected that this will be the largest assembly of mothers ever brought together in Bedford County, also that it will be the most inspiring and helpful service of its kind ever held.

### Midnight Parade

Saturday night at the close of the service in the Tabernacle the entire audience will form in line for a parade through the town winding up with a service on the street.

Sunday will be a great day. All the services of the day will be held at the Tabernacle. The Sunday Schools will meet at their respective churches from which they will march in a body, leaving their churches as nearly as possible at 10 o'clock. The Lutheran and Presbyterian Schools will be joined at the corner of Juliana and John Streets by the Reformed School, and these will be joined by the Methodist School in front of the Methodist Church, from which all will proceed to the Tabernacle. No one can afford to miss this Sunday morning service.

In the afternoon upon Sunday Dr. Hamilton will address a meeting for women only to be held in the Tabernacle at 2:30 o'clock. It will keep the women busy to have as large an attendance at this service as the men had at their special meeting upon last Sunday afternoon.

With the exception of Monday night, which is rest night, there will be service at the Tabernacle every evening until December 13. No service is without special interest, and all who can possibly do so should give their encouragement to these services by being regularly present.

### Autos in Novel Race to Coast

With a view of arousing interest in the Lincoln Highway route from New York to San Francisco, the Lincoln Highway Association has adopted a rather novel plan of publicity.

On Friday next with the co-operation of motorists they hope to smash all records from New York City to the Golden Gate by covering the distance in twelve hours.

Of course it would be impossible for one car to travel 3,400 miles in half a day, but by the use of one hundred cars or more the Highway officials claim that the feat is not only possible but is certain.

The object of the trip is to prove to the motoring public that the Lincoln Highway is now in shape for transcontinental travel, and that there is no section of the route that cannot be crossed easily and quickly on a prearranged schedule.

Arrangements have been completed and drivers procured, and there is not to be a foot of the Lincoln Highway from West Forty-second Street, New York, to the foot of Market Street, San Francisco, which will not be covered by an official Lincoln Highway car between 6 o'clock in the morning and 6 o'clock in the evening of November 27th.

The drivers are not professionals, but bankers, clergymen, doctors and business men who are devoting their time and cars to help this good roads movement along.

Lee Hoffman, who is representative and consul of Lincoln Highway Association between Greensburg and Chambersburg, has arranged a relay run carrying a message from the Mayor of Pittsburgh to the Mayor of Philadelphia on record time.

Messages will leave Pittsburgh at 6 a. m. Friday morning and being carried by Mr. Murry of the Pittsburgh Packard Company to Ligonier, and at Ligonier arrangements have been made to bring it to Bedford where Lee Hoffman will pick up the message and hopes to take it to Chambersburg on record time. The message should reach Bedford about 9 o'clock.

### Plan Record Sale of Red Cross Seals

Great enthusiasm and interest throughout the State in the campaign for the sale of Red Cross Christmas Seals is reported in a statement given out Monday by the Pennsylvania Society for the Prevention of Tuberculosis, which acts as agent for the American Red Cross for the sale of seals in this State.

The Pennsylvania Society is endeavoring to organize a local committee for the sale of the seals in every town of 7,000 population and over. Already most of the cities and towns in the eastern and central parts of the State have been organized and numerous active and enthusiastic local committees are at work. In the western counties, where the chief work of organization is now going on, the reports are even more optimistic.

Requests will be made to club women and to professional and business men in every community to assist in disposing of the seals. These are to be sent to every village and hamlet in the Commonwealth until even the smallest communities are well supplied.

By these methods it is planned to greatly increase the sale over former years. The Pennsylvania Society for the Prevention of Tuberculosis is making every effort to secure a record sale for the State this year of 5,000,000 seals, as against 3,165,000 sold in 1913.

### "More Fun Than Ever"

Robert J. Burdette, a noted humorist, lecturer and newspaper man, died at his California home in Pasadena, November 13. He was born in Greensboro, this State. In 1886 he lectured in Bedford in the McCulloch opera house. Bob died with the conviction that there was not only just as much fun in the world today as ever, but "a great deal more, because," as he said, "there are more people in it, and people are the funniest things on this side of the grave."

### TEACHERS' INSTITUTE

List of Instructors and Entertainers for Annual Event.  
To Directors, Teachers and Friends of Education:

The sixtieth annual Teachers' Institute of Bedford County will be held in the Union School Building, Bedford, December 14 to 18, 1914. Bedford County has always wanted the best it could get and we believe we have it again this year. We submit to you our talent engaged for the coming institute.

### Instructors

Dr. N. C. Schaeffer, Superintendent of Public Instruction for Pennsylvania, Harrisburg.

Dr. S. D. Fess, President Antioch College, Yellow Springs, O. Also U. S. Representative from Ohio.

Dr. Frank E. Baker, Principal Edinboro State Normal School, Edinboro.

Dr. Edwin Earl Sparks, President of Pennsylvania State College, State College.

Dr. J. George Becht, Secretary State Board of Education, Harrisburg.

Dr. Glenn Frank of Northwestern University, Chicago, Ill.

Mr. George H. Wirt, State Forest Inspector, Harrisburg.

### Music

Leader—Prof. J. Dale Diehl, Vice Principal of Bedford Schools, Bedford.

Pianist—Mrs. Daisy May Koontz, Bedford.

Violinist—Prof. S. H. Koontz, Bedford.

Cornetist—S. B. Stambaugh, St. Clairsville.

Bass Violinist—Lantz Knight, Bedford.

Cello—William Pate, Bedford.

### Evening Entertainments

Monday evening Dr. S. D. Fess will deliver his famous lecture on the "Humanity of Abraham Lincoln." His treatment of the life of this great man is marked by keen analysis, deftness of illustration, rare charm of diction and singular clearness of exposition.

The Oxford Company is to appear Tuesday evening. This entertainment presents a variety. The program will be a revelation. The company is made up of unusually gifted and talented singers, clever crayon artists, fine actresses and actors. Many of the selections will be given in costume.

Wednesday evening Dr. Newell Dwight Hillis, preacher, lecturer and author will appear. He is one of the best and most eloquent speakers of the day. He will bring a great message to us. Every teacher and director as well as the public should aim to hear "The America of Today and Tomorrow," by the pastor of Plymouth Church, New York.

Thursday evening the Chicago Glee Club will come to us with a repertoire probably more extensive and varied than that of any similar organization. Notice what some of the leading papers say about the club:

Freeport (Ill.) Evening Standard: "The feature of the evening was the Trombone Quartet. They were recalled three times on their first appearance and as many on their second."

Evansville (Ind.) Courier: "The blending of their voices was faultless, the balance and harmony were superb and their solo work was of the highest order."

Jackson (Tenn.) Sun: "Mr. Lixon has the walk, the voice and every movement of an elderly man perfectly. I think he is as good an impersonator as I ever saw."

Teachers only may enroll Saturday, December 5, in the office of the Superintendent. On Saturday, December 12, the board will be open to the teachers and the public. The enrollment fee will be the same as last year, \$3. General admission ticket, reserved seat, \$2. Single admission, reserved seat, 50c. Chart of seats at Dull's Drug Store open each morning at 8:30.

We extend to directors, teachers and all the good people of Bedford County a most cordial invitation to all of the sessions.

Sincerely yours,

Lloyd H. Hinkle,  
County Superintendent

### THE THANKFUL HEART

For all that God in mercy sends,  
For health and children, home and friends,

For comfort in the time of need,  
For every kindly word or deed,  
For happy thoughts and holy faith,  
For guidance in our daily walk,  
In everything, give thanks

For beauty in this world of ours,  
For verdant grass and lovely flowers,  
For songs of birds and hum of bees  
For the refreshing summer breeze,  
For hill and plain, for stream and wood,

For the great ocean's mighty flood—  
In everything, give thanks.

For the sweet sleep which comes with night,  
For the returning morning light,  
For the bright sun which shines on high,

For the stars glittering in the sky—  
For these, and everything we see,  
O, Lord, we lift our hearts to thee;  
In everything, give thanks!

—Cupper.

### Our Anniversary

This week marks the beginning of the second year of our proprietorship. The year has been one of advancement for us. We learn to do by doing. The public has been very kind and generous to us. We are extremely thankful for this and hope we may have the pleasure of the confidence of the people for future years, as well as for the past years.

## The Eleventh Week of the Contest

### Contestants Notice

The missing word for Contest Page 2 begins with A and ends with S. In the Conditions we have stated that it begins with A and ends with T, which is an error.

The contest for the eleventh week is just as interesting as former weeks. The words are just as plain and yet require hunting.

The missing word for last week,

### MENTIONED IN BRIEF

Many Items of Interest From Town and County.

"So many gods, so many creeds, so many paths that wind and wind, while just the art of being kind is all the sad world needs."

The chicken and waffle suppers at St. Thomas' Catholic Church are always good. The receipts Tuesday night were more than ninety dollars.

There is one woman in Bedford who actually loves her husband. For the life of me I cannot understand how a woman can love a man.—Phoebe Peters.

Mr. and Mrs. A. W. Fletcher have moved into their new residence recently completed on West Pitt Street and Mr. Cowell and family of Parker's Landing are now occupying the house vacated by Mr. and Mrs. Fletcher.

Between twenty and thirty murderers confined in jails throughout the State, under sentence of death, await the time to be fixed by the Governor to forfeit their lives for crime in the modern electric chair in the death house in the new penitentiary at Bellefonte.

Saturday afternoon a big Sunday School parade started from the Tabernacle and wound around through the streets of Bedford, nearly 1,000 strong, led by the Tabernacle Band and marching to the tunes of old familiar hymns. Bedford never saw a sight like that before. Young, middle-aged and old were in line.

The First Presbyterian Church at Berwick, this State, has a membership of about 560, with a Sunday School membership of 350. Rev. Edward Franklin Reimer, formerly of Bedford, is their minister, preacher and pastor. Berwick is a growing town with a population of more than 17,000. Success and good wishes to Berwick's new preacher.

Those furnishing cars for the auto evangelical tour were Mrs. P. N. Riser, Robert Fyap, Dr. L. D. Blackwelder, A. C. Blackburn, J. F. Russell, V. E. P. Barkman, J. S. Blymyer, George Points, Esq., Ross Lysinger, S. H. Sell, Esq., J. W. Ridenour, Sheriff Dodson and Earl Swartzwelder. Mr. Sell's car carried the evangelists, Mr. Swartzwelder's and Sheriff Dodson's carried the ministers and Mr. Ridenour's carried the band.

### Mrs. Philip Beegle

Mrs. Philip Beegle, a highly respected resident of Pleasant Valley, Bedford Township, died at her home early Monday morning, after a several weeks' illness. Her maiden name was Maria Ernest and she was in her 69th year. Her husband and the following children survive: Mrs. George W. Dibert, Mrs. Henry C. Diehl, Fred Beegle of Bedford Township; Mrs. Reuben Cook of Johnstown, Mrs. Anna Wilson of Altoona and J. Elmer Beegle at home. She is also survived by 23 grandchildren, one great-grandson and a sister, Mrs. F. P. Gilchrist, of Cumberland.

She was a member of the Pleasant Valley Lutheran Church, where the funeral service was conducted Wednesday morning by Rev. J. J. Miner. Interment was made in the church cemetery.

### Mrs. Elizabeth Irons

While Mrs. Elizabeth Irons, who resided with her son, William Irons, about two miles southwest of Everett, was smoking her usual morning pipe on Saturday, November 14, the curtains at the window by which she was sitting caught fire. The flames spread rapidly and her clothing was soon burning. She was fatally burned about the body and face and died the same evening. Deceased was aged about 82 years and is survived by one son, previously mentioned, and one brother, Lewis Dickson, of Artemas.

The funeral service was held on Tuesday, November 17, Rev. James Logue officiating. Interment was made in Mt. Union Cemetery, Monroe Township.

### Mrs. Mattie Ferguson

Mrs. Mattie Ferguson, an aged and highly respected resident of Monroe Township, died at the home of her son, George E. Ferguson, near Clearville, on Monday, November 16. Besides her son, she is survived by two brothers, Erastus Mearkle, of Minnesota, and David Mearkle of near Clearville, and by one sister, Mrs. Albert Chamberlain of West Providence Township.

Funeral service was held at Rock Hill Church on Wednesday of last week.

### Dibert-Smith

Announcements were received here yesterday of the marriage of John Wesley Dibert and Miss Loretta Amelia Smith in Pittsburgh on Tuesday. The groom is a son of Mrs. John Lee and is well known here. He learned his trade as a printer in this office and is now a linotype operator in the Smoky City. The Gazette extends congratulations and best wishes.

### Suffragists' Convention

Great interest is being taken in the state convention of the Pennsylvania Woman's Suffrage Association being held in Scranton this week. Reports show that out of sixty-seven counties there are fifty-nine organized in the fight for equal franchise. The meeting is being attended by many prominent workers in the cause. Bedford County is represented by Mrs. John C. Smith of this place and Miss Edith Stuckey of Wolfscraig.

### M. Magdalene Calhoun

Mary Magdalene daughter of Mr. and Mrs. George Calhoun died at their home on Rock Hill Street last Saturday afternoon after an illness of several years. She was ten months and seven days old. Her parents, she is survived by two sisters and one brother, Mrs. Elmer Beauchamp, Robert Calhoun and Calhoun.

The funeral service was conducted by Rev. Father Wilson at St. Thomas' Catholic Church Tuesday morning, and interment was made in the cemetery west of Bedford. The following young ladies, schoolmates, acted as pall bearers: Dorothy Allen, Marguerite Beckley, Vera Fletcher, Anna Guyer, Ethel Heltzel, Miriam McLaughlin, Margaret Mager and Helen Smith.

Magdalene was a bright girl and had a host of friends who sympathize with the bereaved family.

### Good Roads Meeting

The Bedford County Association of Township Supervisors will hold a semi-annual meeting in the Court House in Bedford on Tuesday, December 1st, at 10 o'clock a. m.

Representatives of the State Highway Department will be present to give information relative to making and maintaining good roads, and to add increased interest to the meeting.

This is an excellent opportunity for Supervisors to exchange ideas on road making and to procure valuable suggestions and aid from others on all matters pertaining to good roads. Every supervisor is therefore urged to be present. Since all persons are interested in this movement for better roads, the Association invites the public to attend this meeting. Come to see and hear what is being done.

Funeral service was held at Rock Hill Church on Wednesday of last week.

# American Gowns Displayed For Charity

## Drooping Shoulder Effects and Full Skirts Among the Modes

### SHORT SKIRTS AND TRAINS

New York, November 24, 1914. In the name of Charity a wonderful fete has just been given—a fashion fete where only American designed gowns were displayed. The proceeds are to go to aid the suffering Belgian women and children. It is safe to say that many families will be thankful to the enterprising society people in New York who are responsible for the success of this fete.

The foremost dressmakers in New York City displayed their gowns, which were designed especially for the occasion, each hoping, by some original idea to catch the eyes of the fashionable audience and secure their custom to themselves.

**Military Effect Given this By Frogs**  
Ideas from many periods were combined with up-to-date styles to give variety in the costumes. For instance the drooped shoulder effect was shown many times with skirts so full and ripply that they gave the appearance of being over hoops. A dress of distinctly modern silk and with the newest basque effect in front had a drooped waistline in the back and a real bustle! You couldn't mistake it!

Rich silks, brocade, plain and ribbed, chiffon, silk net, beaded net, cloth of gold and silver were the material used for the evening gowns, which were a prominent feature of the exhibition.

Broadcloth, velvet, duvetyne and velvet developed the street suits and dresses.

The skirts were full short, even the skirts to the evening dresses. Inconsistent as fashion often is in these dresses they were sometimes short and yet with a train in the back! One evening dress was made of a peculiar green, almost a peacock shade, covered with a scroll design which gave a watered finish to the material. The waist was made with a shallow V in the front and high in the back. The skirt was short and slashed in the front. In the back the skirt was slightly longer than in front, but the whole appearance was shorter than we have been accustomed to. From the shoulders hung a long and narrow train of beaded net, which did not touch the dress any place but at the shoulders.

The long waisted moyen age effects were seen as well as the short waisted Empire effects. A dress of purple

**DARK DAYS**

**Are Days of Suffering—They Are Becoming Brighter For Some Bedford People.**

Many "dark days" from kidney ills. Backache, headache—tired days. Urinary trouble makes you gloomy. Doan's Kidney Pills have proven their worth.

Have been tested by many kidney sufferers.

They are endorsed by Bedford people.

Mrs. W. Trout, 202 Spring St., Bedford, Pa., says: "I believe that I had all the ailments that usually accompany kidney disease. I suffered from severe pains in my back and sides. I was often very dizzy and spots appeared before my eyes. Finally my ankles and limbs became swollen and I was worried. My son got a box of Doan's Kidney Pills at Heckerman's Drug Store and I began using them. They did me more good than all the other medicines I ever took. The swelling has gone down, the pains have stopped and I am stronger. You can use my recommendation of Doan's Kidney Pills any time you want to."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Trout had. Foster-Milburn Co., Buffalo, N. Y.—Adv. 20Nov21

silk net was made with this charming short waist, a skirt hung rather full, draped up slightly in the back and ending in a modest train. At the back of the low round neck was fastened a wide strip of tulle which was caught with a ring to one of the fingers of each hand. This flowing effect of tulle is most popular. Sometimes it falls the full length of the gown, sometimes it is short, and again it is caught only upon one hand. Often a scarf of tulle is worn with an evening dress. If the dress is white it may be in almost any delicate color, if the dress has color in it, however, the scarf should correspond in some way with the coloring of the dress.

Another evening dress was of cloth of gold. The waist was made very full over a foundation of white satin. A soft ruffle of gold lace outlined the round neck. A bow of dull blue ribbon, tied with long loops which were wired, was worn in place of the corsage bouquet. The skirt was made with double flounces each scalloped with deep rounded scallops. Gold lace edged these scallops. The skirt was ankle length.

Full skirts were prominent. Skirts made with gores which rippled out in huge godets in the back. The drooped shoulder effect which was prominent in the days of hooped skirts is also seen.

A taupe colored velvet dress had a waist opening in the back, perfectly plain in the front but with plenty of fulness so that it did not draw over the bust. This waist extended from a low waistline up into a high collar which wrinkled softly about the neck.

A jumper dress of dark green broadcloth and velvet I have used for my illustration. The over-dress is of broadcloth braided in a simple but effective design around the V neck and deep arm-hole. The under-dress and skirt is of velvet. The waist made with a simple rolling collar. A flaring velvet hat with a single quill for trimming was worn with this dress.

The military styles which are fostered by the war was shown in a suit of tan broadcloth. Down the front of the coat were frogs made of black braid. Bands of fur were used for the collar, cuffs and for a band around the bottom of the coat. This costume I have used to illustrate.

**The Overdress a Popular Style**

With this dress was shown a charming Dutch costume of white broadcloth. The jacket was made like a full box jacket, the fulness in the back rippling in deep pleats. The collar, cuffs and band around the bottom of the jacket were curly white lamb. When the jacket was removed the dress underneath showed a short jacket of blue broadcloth braided with white braid. Around the edges was an inch band of the fur. This was worn over a rather full waist. The skirt had the fulness disposed of in pleats around the waist and when the hands were placed in the cunning side pockets and held away from the body the Dutch peasant effect was most pronounced. One almost expected to see wooden shoes on the feet, but instead very modern white shoes peeped forth.

# TOO MANY CHILDREN

are under-size, under-weight

with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in **Scott's Emulsion** above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them **Scott's Emulsion**; it supplies the very food elements that their systems lack.

**Scott's Emulsion** contains no alcohol and is so good for growing children it's a pity to keep it from them.

# To Have Beautiful Hair—No Dandruff

Use Parisian Sage, It Makes Your Hair Soft and Fluffy, Surely Stops Itching Head.

When your hair is losing color, too dry, brittle, thin, or the scalp itches, you should immediately begin the use of Parisian Sage. The first application removes all dandruff, invigorates the scalp, and beautifies your hair until it is gloriously radiant.

Parisian Sage supplies all hair needs and contains the exact elements needed to make your hair soft, wavy, glossy, and to make it grow long, thick and beautiful. It is delicately perfumed—no expensive, and can be had from P. W. Jordan, Jr., or any drug counter.

Parisian Sage acts instantly—one application stops the head from itching and freshens up the hair. You will be delighted with this helpful toilet necessity, for nothing else is so good for your hair, or so quickly gives it that enviable charm and fascination.—Adv. 26 Nov. 21.

## Smith-McDonald

At the home of the bride's parents, Mr. and Mrs. John I. McDonald of Lovely, Lloyd J. Smith of Central City and Miss Annie L. McDonald were united in marriage on Thursday noon, November 5, by Rev. O. G. Fye of Elk Lick, brother-in-law of the bride. The attendants were Miss Verna Smith of Schellsburg, sister of the groom, and Orange Carver of Central City. The bride wore a beautiful dress of white satin trimmed with shadow lace. Her attendant was dressed in pale blue with silver trimming. The bride received a number of useful and beautiful gifts. Both bride and groom formerly taught school in Bedford County. They will be "at home" after November 23 at Central City.

Those present were Mr. and Mrs. Lloyd J. Smith, Mr. and Mrs. John I. McDonald, Nora and Nellie McDonald, Mr. and Mrs. Lincoln Smith, parents of the groom; Rev. and Mrs. O. G. # Apple Growers, Attention!

An exhibit of Bedford County apples is being arranged for at Philadelphia. This exhibit will be open to all, and the names and addresses of exhibitors will be placed on a tag and put on the barrels and boxes in the exhibit. There will be probably several carloads in all and it will be widely advertised in Philadelphia.

The conditions for exhibiting are that the fruit must be carefully faced with apples of uniform color; the barrels must be new, clean barrels of standard size; the apples used to fill the barrel must be of the same size as those in the face and must be free from fungus mark, scale and worm-hole. They must also not be ripe when shipped.

This exhibit, we believe, will be a great value in helping establish the reputation of Bedford County fruit.

The apples will be sold immediately after the exhibit and the proceeds, less the freight and 10% commission will be sent to each shipper separately. Drop me a postal or a letter, telling me what varieties and about how many barrels you wish to enter in this exhibit and I will send you careful instructions for packing, or if possible will come to see you and help in packing your fruit.

## GAINS 40 POUNDS IN 40 DAYS

Remarkable Results of The New Tissue Builder, Tonaline Tablets, in Many Cases of Run-Down Men and Women.

Prove it Yourself by Buying a Box of Tonaline Tablets NOW.

"By George, I never saw anything like the effects of that new treatment, Tonaline Tablets, for building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of, but without result."

Any man or woman who is thin can recover normal weight by the best new treatment, Tonaline Tablets.

"I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by use of Tonaline Tabs, so I decided to try them myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger or more 'nervy' in my life." Tonaline Tabs are a powerful inducement to nutrition, increases cell-growth, food, increases the number of blood-corpuscles and as necessary result, builds up muscles, and solid, healthy flesh and rounds out the figure.

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. Tonaline Tabs cost \$1 for a 50-days' treatment, at druggists, or mailed by American Proprietary Co., Bedford, Mass.—Adv. Nov. 20-41.

## A WARNING TO MANY

Some Interesting Facts About Kidney Troubles

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913, in the State of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy. If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00. Adv. Nov. 20-41.

**Lock Speed**  
Lock speed is a big element of success in making high scores at the trap or in the field. When you pull the trigger you want it to go with lightning speed. Flying birds and targets will not wait for a hang fire load or a slow lock. Our lock was carefully and scientifically timed at the University of Cornell. Test was made by means of a fly wheel traveling 577.175 inches per second. By means of a special device it was found that the fly wheel traveled 335 in. while hammer was falling. Dividing 335 by 577.175 gives the time it took the hammer to fall, .0016+ or expressed in fractional form, 1-625 of a second. When the hammer struck it was traveling 233 inches per second. We figure that this greased lightning speed will increase your score at least 5 per cent. The slower the lock and the slower the load the farther you have to lead your birds. ## The Ford for Service

Dr. A. D. Updegraff of Wichita, Kan., has clearly earned the distinction of being one of the pioneers as well as the most inveterate motorist of the Great Middle West. Dr. Updegraff writes the Ford Motor Company that he bought his first Ford in Wichita eight years ago, and that in this period he has bought two Fords and sixteen other cars of assorted makes. He also states that he has just turned in, as part payment on another Ford, a car for which last year he paid \$1,500, and he figures that he has lost, in that unfortunate venture, the price of two Fords.

He volunteers the promise that he is "back in the Ford fold to stay," and closes with this observation.

"The most foolish thing a man ever did was to buy a heavy car under the delusion that it would elevate him professionally or socially, and I believe it is this false sense of pride that sells nine-tenths of the 'money-killers.'"

## WEEKS TO CHRISTMAS

One Month More Left In Which

While Brumbaugh is down in Florida for his health (?) Penrose is right on the job organizing his forces against him. Wonder if the southern trip was intentional and prearranged? We just wonder? It sometimes happens that way. But Brumbaugh should have suggested that Penrose go to Florida and that he would be in Philadelphia to meet the delegations. It is said that all but seven of the Republican members of the Assembly are going to follow Penrose instead of Brumbaugh. Brumbaugh ought to be right on the ground. We wonder if the absence was premeditated?

## THE THANKSGIVING FEAST

The old-time Thanksgiving dinner was a kind of cookery tournament. In many large families, it was the custom for the different households to take turns in entertaining the entire clan. The housewife, who had the dinner to give, felt that she must equal if not surpass all previous records. Consequently there was an array of fleshly delicacies fit to feed a king. It was far in excess of the wants of even the large company assembled.

Persons of weak digestion view the onslaught with apprehension. If they did not partake generously of all the dishes, the hostess might take offense. It might seem a refection on her culinary triumph.

There was not merely turkey, but often other fowl or meat or game. Several kinds of vegetables were heaped on your plate. After the rotund bird had disappeared in the kitchen, the battle was but half done. A phalanx of pies and puddings was yet to be attacked. After it was all over, there was but little to do but crawl out to some quiet spot, and hope for the best.

Thanksgiving in many country households is a time for display of your winter stock of provisions. The rural homestead might likely have a hundred mince pies stocked away. Jellies and preserves are displayed to the admiring eyes of the guests. It is an exhibition day of all of the traditional culinary arts of the older American home.

The modern idea of going to some hotel for dinner seems comparatively a return to simple life. In money it is apt to be cheaper. It dissipates almost the last remnant of the original home-coming sentiment of Thanksgiving day. But it enables the housekeeper to skip a hard day, with some bad moments.

But even a home Thanksgiving feast need not necessarily be elaborate or very costly. If turkey roasts too high, the chicken is still a noble bird, and properly done, worthy of any of the gastronomic critics.

## EVANGELISTIC AUTO TOUR

The evangelistic auto country hike on last Monday was a great success. All around and everywhere the people, including the school children, came out in large numbers to receive the invitation. Dr. Hamilton, our

evangelist, to come to Bedford to help in our great revival campaign. Great interest is manifest everywhere. The people at Wolfburg, Mann's Choice, Schellsburg, New Paris and Pleasantville provided comfortable church facilities and all furnished big audiences. Mother Colvin at Schellsburg was our guest to the extreme pleasure of all who knew her. We are glad we visited New Paris. The good people there appreciated our visit and the band of workers appreciated the splendid reception given. Over at Pleasantville the people not only warmed our admirations for them but warmed our stomachs, as well, with the finest hot coffee and the richest cream. The touring party will not forget the kindly welcome and the generous outlay provided.

In the afternoon an open air meeting at Osterburg was held as well as at St. Clairsville and at Cessna. People came out and stood in the chill blasts to hear our evangelist extend welcome to everybody to help in his great meeting.

From Cessna the party motored through Bedford to Everett, where they met a large assemblage at the Brethren Church. This concourse of friends was notably of aged people. Many gray heads were in this audience.

The services were interspersed with solos from Mr. Gould. Old familiar songs were sung that all might help in the welcome.

Friday is Mother's Day. Everybody turns out on Mother's Day. No delinquents in honor or in memory of mother, each person wears a White Carnation to be turned free at the Hartley Bank, First National Bank, Slangenboudt's Store, Foster's Grocery Store and Jordan's Drug Store. No excuse for any one not wearing a carnation for mother's sake. If you wish to contribute to the cause trays will be there to deposit your voluntary offer. Don't fail to wear a carnation because you cannot contribute. The fact that you show a love and respect for mother is glory enough for us all without any contribution if you do not feel that you can give anything. Wear a carnation on Mother's Day, Friday.

## Foot and Mouth Disease

The prevalence of the foot and mouth disease as reported among cattle in various sections of Pennsylvania may effect the dairy herds. Should these become infected there is a danger of the transference of the disease from infected animals to human beings through the milk.

As the records in this State show this possibility Dr. Samuel G. Dixon, Commissioner of Health, has issued the following warning:

"The foot and mouth disease which is known to the medical world as apthous fever is highly infectious in cattle and manifests itself by a rising temperature and the appearance of blisters on the mucus membrane of the mouth, tongue and nose. The blisters are followed by ulcers; digestive disturbances are also common. Death seldom occurs in human beings.

"As a matter of protection against the possibility of infection the use of raw milk may be discontinued. A safety factor is to pasteurize the milk. Following is a simple method which may be used.

"Place a saucer in a pail seven or eight inches in diameter and about the same height. Set the milk bottle on this. Remove the paper cap from the milk bottle. Pour in the pail a sufficient quantity of luke warm water to half cover the bottle. Watch the water and as soon as it has boiled twenty minutes, remove the bottle of milk and allow it to cool slowly. Never place the milk immediately upon the ice or the bottle may break. Seal the bottle with a new cap. Supply of which you can obtain from the milk man, and place the milk bottle where it will remain at a temperature of 40 to 50 degrees. It must be kept cool and clean if it is to remain safe for use.

If the milk supply is not received bottled secure a bottle of the same size and cork after sterilization."

SCHWAB SEES BUSINESS BOOM  
RIGHT AT DOOR OF AMERICA

Steel Chief, Home From Europe, Utters Optimism He Says He Feels for First Time in Three Years.

New York, November 20.—"I believe we are near the turning point for a full return of confidence and prosperity in the United States," said Charles M. Schwab, president of the Bethlehem Steel Corporation, who returned today from Europe. "We are being favored by the war as is no other nation. As an example, Germany normally produces from 12,000,000 to 15,000,000 tons of steel annually, of which about 8,000,000 tons are exported. This is now shut off, and the advantage is in our favor.

"What is true of steel is true of other commodities, but it is not the war supply trade alone that is turning the tide. We are recovering from the shock of the war, legislation is such that capital has more confidence (tariff) and business is being stimulated. At Bethlehem some time back we were forced partially to suspend operations, but we will soon be in full action again and we will increase our production."

This statement from Mr. Schwab was said by himself to be the first optimistic statement that had come from him in three years. This will never do. Three years dates way back into a Republican administration. Schwab had better mind what he is saying. He will cause the Republicans to have nightmare and to see things at night.

To Avoid Catarrh  
Or Break Up a ColdUse Hyomei a Simple Remedy That  
Instantly Relieves.

At the first symptom of catarrh such as sniffles, fits of sneezing, raising of mucus, itching of the nose, or that choked-up feeling, surely take immediate steps to conquer the disease. Catarrh is not only distressing, unclean and annoying, but a serious ailment.

One of the easiest and simplest remedies to check catarrh and break up a cold is Hyomei. Just put a few drops of this antiseptic and healing liquid into the small inhaler that comes with every complete outfit, and breathe it. This medicated air immediately soothes the inflamed tissues and effectively drives out the poison. Just a few minutes use of this most helpful remedy opens the stuffed air passages, clears the head and throat of the unclean discharges—you breathe freely and immediately feel better.

Hyomei is so certain to relieve and give lasting benefit that F. W. Jordan, Jr., sells it on the "No-cure-no-pay" plan.—Adv. 26 Nov. 2t.

BRYAN CALLS ON PARTY  
TO ALIGN AGAINST RUMIn Commoner Editorial Tells Democrats  
They Must Face Issue.

Under the caption, "The Alcoholic Millstone," Secretary of State William J. Bryan this week publishes a signed editorial in his paper, The Commoner, in which he calls upon the Democratic party to align itself against the rum business of the United States. The article over Mr. Bryan's signature is as follows:

"The Democrats of the nation have an issue to face and they may as well prepare for it. The liquor interests are at bay, they are on the defensive. They realize that they have but a few more years in which to fatten upon the woes of their victims, but they are fighting a good fight, and are willing to hold any party between them and the fire. The Democratic party can not afford to shield the brewery, the distillery and the saloon from the rising wrath of a determined people.

"Democracy is the nation's hope on political and economic questions—let it not, by taking sides with the liquor interests, repel those who put moral issues first. The young men of the country are Democratic by nature, but they will not submit their claims to political preferment to those who conspire against the home and everything good—neither will they find pot house politicians congenial party associates. The President has set a high standard in intelligence and morals, and the party can not afford to lower the colors to gain a temporary advantage.

"Those whose support depends upon subservience to the liquor interests, disgrace the party while they are with it, and then leave it if it refuses to obey them. They are a millstone about the party's neck. The Democratic party is the party of the future—it has a chance to enter the promised land—why allow any liquor interests to lead it away into the wilderness? Get ready for the fight."

The Gazette subscribes heartily to this program.

## To Live Without Sleep

In the last few years we have heard much of the value of efficiency. In factory and field a campaign is being made to obtain the greatest amount of value from a given work.

Thomas Edison, the great inventor, seems to hold the most advanced position in this line. He advocates a campaign of sleeplessness, in which all the people of the United States should join, agreeing to sleep one hour less each night, so that eventually the human race could live without sleep. To our mind the foolishness of such a procedure would be proved by the attempt—in the words of the old philosopher, "probatur ambulando." This idea of Edison's reminds us of the effort made by a penurious fellow to teach his horses to live on sawdust. When asked how the experiment succeeded he replied: "Just when them horses learned to live on sawdust they died." So too, when we learn to live without sleep, we will die.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### December Outing

The December Outing is full of interesting articles for all outdoor people. What it Costs to Run a Car is a transcript from the Outing's own experiences in motoring, giving in an entertaining fashion an exact statement of costs. The Sport of the Flying Saucer is an article on trap-shooting with particular reference to the needs of the novice entering his first tournament. Fur and Fur Farming shows how money can be made by raising animals to take the place of the rapidly decreasing wild stock. Other articles include Sports for Women, Hints and Hunches, The Trail of the Painted Woods, etc.

### St. James' Episcopal Church

Vicar Rev. Albert Aune  
The services for Sunday, November 29, are: Celebration of the Holy Eucharist 10:30 a. m.; morning prayer and sermon 11 a. m. Next Sunday is the first Sunday in Advent. There are four Sundays in Advent—four Sundays before Christmas day. The topics of the sermons for this period will be Death, Judgment, Hell and Heaven. The sermons will be preached in the above order.

On short notice The Gazette can furnish you with calling cards neatly printed. We feel sure we can please you. Call and see our samples.

### Waterside

November 24—Mr. and Mrs. A. B. Teeter are spending Thanksgiving with their daughter, Mrs. Piper, of Clearfield.

Mr. and Mrs. W. E. Baker were Sunday visitors in Yellow Creek.

C. L. Longenecker and family spent Sunday at Catfish.

Revival meetings in charge of Rev. Weaver of Everett are in progress at the Brethren Church.

Miss Ruth Kagarise of New Enterprise spent Saturday and Sunday with her friend, Miss Mary Baker.

Raymond Ross of Juniata is visiting his grandmother, Mrs. Agnes Treese.

C. L. Longenecker made a business trip to Bedford on Monday.

Joseph Snowden and Mrs. Agnes Treese spent Sunday at Samuel Campbell's of New Enterprise.

Mr. and Mrs. G. M. Croft of Altoona visited the former's parents, Mr. and Mrs. C. E. Croft, recently.

Frank Oelling of Altoona was an over Sunday visitor at C. A. Long's.

Ferdinand More of Baker's Summit was a business caller in our vicinity this week.

Butchering is the most important occupation at present. Some very fine porkers are laid up for winter, W. E. Baker and A. B. Woodcock having the finest.

### Clearville

November 24—Mrs. Caroline Price and Miss Hazel Fletcher passed through here on Thursday enroute from Everett to their home at Chapman's Run.

Mrs. John Sigel and Miss Alma Sigel made a trip to Everett on Friday.

Dr. B. F. Hunt had a hot water heat plant put into his dwelling house recently.

The members of the Clearville Methodist Church rededicated their house of worship last Sunday.

Rev. H. S. Sponsler of Everett preached the sermon Sunday morning and the pastor, Rev. G. M. Frownfelter, the evening sermon. At both services there was good music, a large and attentive audience and a forceful sermon.

Gideon was the guest of Herman Barkman and family at Saturday dinner, of Philip Mountain and family on Sunday.

At the first place Master Albert H. Barkman came in with a bunny and seemed proud of his success. At the second place Gideon found Mr. Mountain busy getting in his winter's wood; at the third place they were about ready for winter—fodder and wood in and butchering done.

John C. Andrews of near Mattie made a business trip to our village on Tuesday.

A district Sunday School Convention will be held in Zion's Lutheran Church at Chapman's Run Saturday, December 5.

### Imbertown

November 24—Mrs. Adam Sellers is on the sick list.

### POLAR RESEARCH.

Arctic and Antarctic Problems That Still Remain Unsolved.

The era of pole hunting is now happily over, and the best result of Peary's and Amundsen's athletic feats in the north and south is that the really important problems of the circumpolar regions can henceforth be attacked with a single mind. From a scientific standpoint enough work remains to be done in these regions to last for several generations.

The antarctic has only been scratched, so to speak. Owing to the diverse scales used in school geographies the average man goes through life with badly warped ideas concerning the relative sizes of various parts of the earth's surface, and so probably few people realize that the antarctic continent is very much larger than Europe—in fact, about as large as Europe and Australia combined. Of this huge continent we do not know even the shape and location of the coast line, except for one long stretch south of Australia and a few widely scattered points elsewhere, while the whole interior, apart from a narrow wedge between Ross sea and the pole, is virtually blank on our maps.

In the arctic a patch of a million square miles is still absolutely untouched. So much for mere surface geography; but, of course, modern polar research includes a wide range of nongeographical problems pertaining to such diverse subjects as geology, glaciology, meteorology, terrestrial magnetism, seismology, oceanography, zoology, botany, physiology, ethnology and archaeology.—Review of Reviews.

### Sure to Return.

One morning a merchant whose goods did not very strongly substantiate his advertising claims put out a new sign. He was pleased to see that a great many people stopped to read it, but directly he was puzzled and angered to notice that they all went on laughing. There was nothing funny about the sign. It merely read:

If You Buy Here Once

You Will Come Again

The merchant went outside in a casual sort of way and glanced at his sign to see what was the matter. Some one, no doubt a former customer, had added another line. It now read:

If You Buy Here Once

You Will Come Again

To Bring It Back

—Youth's Companion

### Colored Glasses.

Wearing spectacles to protect the eyes from the glare of the sun is a very old custom. The natives of the far northern regions long ago invented spectacles of wood with a very narrow slit in the center to diminish as far as possible the continual glare of the long arctic day. It is said that the Emperor Nero, who was an albino and whose eyes were therefore very sensitive to light, used amethysts or emeralds to shield his eyes.

### His Preference.

"Good gracious," exclaimed a vicar as he met a village laborer wearily pulling a loaded wheelbarrow. "It would be much easier if you pushed it."

"Daresay," was the answer, "but I'm sick of the very sight of it."—London Telegraph.

### His Weight.

"What is the way of the transgressor?" asked the boob.

"Fifteen ounces to the pound," replied the grouch.—Cincinnati Enquirer.

### Well, It's Suspended.

"Pop, tell me one thing."

"What is it, my son?"

The newly married couple are well supplied with kitchen utensils as this was their second shower.

Mrs. H. M. Guyer gave a taffy party last Thursday evening which was attended by the following guests: Howard Brumbaugh and wife, Ira Detwiler, wife and son Willis; George E. Croyle, Edna Ober, Lena Dooley, Bertha Brumbaugh, Mrs. D. B. Teeter, Mrs. Eliza Hoffman and O. S. Kagarise, wife and daughter Ruth. They report having spent a very enjoyable evening.

Mrs. Elizabeth Ober is spending some time in Johnstown visiting relatives.

Rev. Eppey of Martinsburg preached in the Brethren Church last Tuesday evening and conducted communion services Wednesday evening.

Mrs. D. B. Snowberger spent Tuesday of this week at Curryville.

We are all glad to see the smiling face of Mrs. J. H. Stuckey on our streets again. She has been in a Philadelphia Hospital where she underwent a very critical surgical operation.

Samuel Walter and wife of South Fork are visiting relatives in our burg.

### Round Knob

November 24—Della Figard of this place is seriously ill at this writing.

Roy Figard visited at the home of his wife's parents on Saturday and Sunday.

Reuben Thomas was united in marriage to Orlintha Berkey of South Fork on Friday, November 20, and returned home on the 21st where a wedding supper was held.

Mason Thomas of this place killed a four-pronged buck last week. He is the only lucky man in our district.

Abraham Wright has returned to Broad Top, after visiting friends in Sherman's Valley.

John C. Figard and wife of Little Valley are visiting his father, T. S. Figard, for a few days.

Barton Walters visited at the home George Meek last Sunday.

Our new school house is completed and it will be occupied the first of the week.

Albert Figard and wife visited at the home of their daughter at Kearney on Sunday.

Mrs. Wade H. Figard has been on the sick list the past week. She is improving some at this time.

Miss Lilly Wright has been suffering with quinsy but is some better at this writing.

Miss Annie Walters, who has been ill, is improving.

Wade H. Figard is still seen delivering wood and coal.

### How Much Blindness Could Be Prevented

There are about 300,000 blind people in the United States. It costs about \$15,000,000 a year to support them. Probably 75 per cent. of this blindness is due to two causes, namely, sore eyes at birth and neglected eyes during early school life.

The first cause can be removed in the simplest manner. All that is necessary is for the doctor or midwife to drop into the eyes of the newly born babe a few drops of a 2 per cent. solution of nitrate of silver. This will kill the germs that produce the disease which almost fills so many blind asylums.

How easy this is, and how much good would be produced to the human race if this procedure was always carried out! Those who are about to become fathers and mothers should see to it that this simple act is performed. It costs nothing, is harmless, it prevents blindness, it can easily be done; therefore, it should invariably be done!

The second cause of blindness is the neglect of children's eyes during early school life. Thousands of eyes could be saved every year if eye diseases and defects were detected and cared for in early life. Eye diseases are frequently quite simple at the start, but rapidly become worse if neglected. The eyes of school children should be examined every year, and diseases and defects detected.

Local boards of health could do this if they had sufficient money to hire competent doctors or school nurses, but boards of health are proverbially "hard up," and usually have not enough available money.

Boards of education could employ doctors or nurses, but boards of education are also often insufficiently supplied with money.

School teachers can do this work without additional expense. Instructions have been published in periodicals and books many times, and the plan is perfectly easy and practical.

When accomplished it will be as great a blessing to the teachers as to the scholars; for by transforming stupid children to bright children, their daily work will be much easier.

Teachers cannot and should not attempt to diagnose or treat eye diseases, but by the accepted tests they can tell that something is the matter. At the same time that the eye tests are made, the teacher should also examine the ears, noses and throats of her pupils. Simple methods for such examinations can be learned in a few minutes by any competent teacher.

Dr. Cronin has found that 30 per cent. of school children were two years behind their grades and that 90 per cent. of this is due to eye, ear, nose and throat diseases or defects.

He examined 150 defectives in one school and found that 137 of them had ear, nose and throat defects, and that thirteen of them had eye defects.

These conditions were relieved and in six months 75 per cent. of the children were re-examined. They were all doing well and were rapidly advancing in school. Their character had also remarkably changed for the better. Such a plan which has been successfully carried out in over 200 towns and cities during the past year involves no expense to the taxpayers, relieves the medical profession of the suspicion of urging medical inspection of schools for selfish reasons and yet enables the teacher to separate the normal pupil from the defective and to recognize the defects in vision under which some of her pupils labor.

# This Is Economy

If everybody had a correct understanding of the word "Economy" there would be less money wasted in this world—saving would be made easier—riches would come sooner.

The foundation of Economy is in the saving of the pennies. It is the road to comfort, affluence, wealth.

Practice Economy in every article you buy. No matter what it may be it can nearly always be found just a little cheaper one place than another, without sacrificing the quality.

That is where we excel—in selling you goods a little below what you pay elsewhere.

We save the pennies in buying from the manufacturer—you save them in buying from us.

## HABIT—A CURSE OR A BLESSING

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D.

Someone said that "Man is a creature of habit" permitting us to draw our own conclusions. We are perfectly familiar with bad habits. Even if we were not liberally supplied with conscience, teachers and moralists have said enough to familiarize us with this side of the question. Fortunately there are good habits and they are often a blessing thinly disguised. Our general health and well-being depends largely upon the character of our habits.

Regularly partakes something of virtue. This is especially true when it pertains to eating, sleeping, labor and recreation which covers the daily program of the majority of mankind. In the primitive state it was impossible for our ancestors to eat regularly. The hunter might be successful and again he might not. Periods of enforced fasting were followed by corresponding overindulgence when the chase was successful. The demand for food at regular intervals was the first stimulus to civilization.

We have achieved a state where three meals a day are possible to the most of us. In gratitude we should strive for moderation knowing that in a few hours more food will be forthcoming. Sleep is the great restorer of both body and brain. Irregular hours of rest result in an excessive strain upon the nervous system which in turn re-

acts unfavorably upon the human economy. Regularity in the periods of rest make for even temper and physical stability.

Labor to achieve worthy accomplishment must be steady and persevering. The habit of work is a necessity for one who would realize his ambitions.

Even in our recreations the majority of us are better for a certain degree of system for otherwise it is apt to become a case of over or under indulgence.

It is the same with our bodily functions—temperance and regularity are conducive to obtaining the maximum of efficiency for the longest period of time. Excessive friction and rust are equally hard upon machinery.

The formation of good habits in the care of the teeth, bathing, daily evacuations, eating, sleeping, exercise and living in fresh air will go far toward the doctor's visit less frequent.
